Mr. OBEY. Merry Christmas.

Mr. YOUNG of Florida. Happy Thanksgiving.

Mr. OBEY. Mr. Speaker, I withdraw my reservation of objection.

The SPEAKER pro tempore. Is there objection to the amendment offered by the gentleman from Florida?

There was no objection.

The SPEAKER pro tempore. The amendment is agreed to.

□ 1745

Mr. YOUNG of Florida. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore (Mr. PEASE). All time for debate has expired.

The joint resolution, as amended, is considered as having been read for amendment.

Pursuant to House Resolution 385, the previous question is ordered.

The question is on the engrossment and third reading of the joint resolution.

The joint resolution was ordered to be engrossed and read a third time, and as read the third time.

The SPEAKER pro tempore. The question is on the passage of the joint resolution, as amended.

The joint resolution, as amended, was agreed to.

A motion reconsider was laid on the table.

REPORT ON NATION'S ACHIEVEMENTS IN AERONAUTICS AND SPACE DURING FISCAL YEAR 1998—MESSAGE FROM THE PRESIDENT OF THE UNITED STATES

The SPEAKER pro tempore laid before the House the following message from the President of the United States; which was read and, together with the accompanying papers, without objection, referred to the Committee on Science:

To the Congress of the United States:

I am pleased to transmit this report on the Nation's achievements in aeronautics and space during Fiscal Year (FY) 1998, as required under section 206 of the National Aeronautics and Space Act of 1958, as amended (42 U.S.C. 2476). Aeronautics and space activities involved 14 contributing departments and agencies of the Federal Government, and the results of their ongoing research and development affect the Nation in many ways.

A wide variety of aeronautics and space developments took place during FY 1998. The National Aeronautics and Space Administration (NASA) successfully completed five Space Shuttle flights. There were 29 successful Expendable Launch Vehicle (ELV) launches in FY 1998. Of those, 3 were NASA-managed missions, 2 were NASA-funded/Federal Aviation Administration (FAA)-licensed missions, 8 were Department of Defense (DOD)-managed missions, and 16 were FAA-licensed commercial launches. Scientists also made some dramatic new discoveries in various space-related fields such as space science, Earth science, and remote sensing, and life and microgravity science. In aeronautics, activities included work on high-speed research, advanced subsonic technology, and technologies designed to improve the safety and efficiency of our commercial airlines and air traffic control system.

Close international cooperation with Russia occurred on the Shuttle-Mir docking missions and on the ISS program. The United States also entered into new forms of cooperation with its partners in Europe, South America, and Asia.

Thus, FY 1998 was a very successful one for U.S. aeronautics and space programs. Efforts in these areas have contributed significantly to the Nation's scientific and technical knowledge, international cooperation, a healthier environment, and a more competitive economy.

WILLIAM J. CLINTON.

THE WHITE HOUSE, November 18, 1999.

REMOVAL OF NAME OF MEMBER AS COSPONSOR OF H.R. 2699

Mr. CHAMBLISS. Mr. Speaker, I ask unanimous consent that my name be removed as a cosponsor of H.R. 2699.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Georgia?

There was no objection.

WAIVING POINTS OF ORDER AGAINST CONFERENCE REPORT ON H.R. 1180, TICKET TO WORK AND WORK INCENTIVES IMPROVEMENT ACT OF 1999

Mr. HASTINGS of Washington. Mr. Speaker, by direction of the Committee on Rules, I call up House Resolution 387 and ask for its immediate consideration.

The Clerk read the resolution, as follows:

H. RES. 387

Resolved, That upon adoption of this resolution it shall be in order to consider the conference report to accompany the bill (H.R. 1180) to amend the Social Security Act to expand the availability of health care coverage for working individuals with disabilities, to establish a Ticket to Work and Self-Sufficiency Program in the Social Security Administration to provide such individuals with meaningful opportunities to work, and for other purposes. All points of order against the conference report and against its consideration are waived. The conference report shall be considered as read.

The SPEAKER pro tempore. The gentleman from Washington (Mr. HASTINGS) is recognized for 1 hour.

Mr. HASTINGS of Washington. Mr. Speaker, for the purposes of debate only, I yield the customary 30 minutes to the distinguished gentlewoman from New York (Ms. SLAUGHTER), pending which I yield myself such time as I may consume. During consideration of this resolution, all time yielded is for the purpose of debate only.

Mr. Speaker, H. Res. 387 would grant a rule waiving all points of order against the conference report to accompany H.R. 1180, the Ticket to Work Incentives Improvement Act of 1999, and against its consideration. The rule further provides that the conference report shall be considered as read.

Mr. Speaker, the conference report to accompany H.R. 1180 establishes a ticket to work program for recipients of Social Security disability benefits to seek vocational rehabilitation and employment services as well as enabling those individuals to work while keeping their health insurance. This legislation also creates new options for States to allow disabled individuals to purchase Medicaid insurance.

The conference agreement also provides approximately \$15.8 billion in tax relief over 5 years, \$18.4 billion over 10 years, by extending certain tax credits. This tax extenders package includes renewal of several expiring tax credit provisions, including the R&D tax credit, the Work Opportunity Tax Credit,
